

A modern office interior featuring a large indoor tree in a central planter, a living wall with various plants, and people working at desks. The space is bright and airy, with a high ceiling and large windows. A person is walking in the background, and another is sitting at a desk. The overall atmosphere is professional and collaborative.

VIBE

When you think about 'Old Street', you know what to expect. A **melting pot of creativity, technology and off-the-wall fashion.**

Old St was first recorded as Ealdestrate around 1200 and as Le Oldestrete in 1373, confirming it as **an ancient thoroughfare** that is as old as history. It was a primeval cattle track, first laid out as a road by the Romans for whom it became a major route extending to Bath in the west and Colchester in the east.
